Classified List of Papers and Notes

Contained in Volumes I-XIV

of the

Transactions and Memoirs

of

The Academy of Science of St. Louis.

Classified List of Papers and Notes contained in Volumes I–XIV. Transactions Academy of Science of St. Louis (in octavo).

Addresses of Presidents.

Eads, J. B.	3 : 1	$2.00	Leete, J. M.	4 : 4	$2.00
——	3 : 2.	"	Moore, Robert.	11 : 11	.25
Eliot, Henry W.	12 : 10	.25	Nipher, F. E.	4 : 4	2.00
Engelmann, G.	2 : 1	2.00	——	5 : 1–2	4.00
——	2 : 2	"	——	5 : 3–4	"
——	2 : 3	"	——	6 : 18	.50
——	3 : 1	"	Prout, H. A.	2 : 1	2.00
——	4 : 1	"	Riley, C. V.	3 : 4	"
——	4 : 2	"	——	4 : 1	"
——	4 : 3	"	Shumard, B. F.	1 : 2*	
Engler, E. A.	8 : 12	.25	——	3 : 1	2.00
——	9 : 9	"	Smith, D. S. H.	13 : 9	.25
——	10 : 11	.50	Wislizenus, A.	1 : 3	2.00
Gray, M. L.	7 : 20	"	——	1 : 4	"
——	7 : 20	"	——	3 : 1	"
Harris, W. T.	3 : 2	2.00			

Anatomy. — See Biology.

Archaeology, ethnology.

Allen, G. W. . (Pottery and skulls from southeastern Missouri).	3 : 2	2.00
Broadhead, G. C. (Ancient mounds from Saline County, Mo).	3 : 1	"
—— (Ancient walled graves in Pike County, Mo.).	2 : 2	"
Conant, A. J. Archaeology of Missouri.	3 : 3	"
—— (Skull from New Madrid mound).	3 : 3	"
Crosswell, C. Mound explorations in southeastern Missouri.	3 : 4	"
Dacus, J. A. (Ruins at Xayi, Mexico).	4 : 1	"
Engelmann, G. J. (Sandstone statuette from Tennessee).	3 : 4	"
—— (Skulls of mound-builders).	3 : 4	"
—— (Teeth of mound-builders).	3 : 3	"
Gage, J. R. (Ancient stone wall in Mississippi).	3 : 3	"
—— Results of investigations of Indian mounds.	3 : 2	"
Gillespie, T. P. (Pottery from Peruvian burial grounds).	3 : 3	"
Gillman, H. (Perforations of mound skulls).	3 : 2	"
Harris, W. T. (Antiquity of man).	3 : 2	"
Hilder (Mound pottery).	3 : 4	"
Holmes, N. (American antiquities).	3 : 3	"
—— (Antiquity of man).	3 : 2	"
—— (Fossil man of the Mentone cave).	3 : 1	"
—— (Indian pottery from Big mound of St. Louis).	1 : 4	"
—— (Man and the elephant in Nebraska).	3 : 3	"
—— (Shell ornaments from Big mound, etc.).	3 : 2	"
—— (Skull-flattening).	1 : 1*	
—— (Stone mounds).	1 : 2*	
Nipher, F. E. (Skulls of mound-builders).	3 : 4	"

* Exhausted.

Archaeology, ethnology — *Continued.*

Potter, W. B. (Archaeological work in S. E. Mo.). **3 : 4** $2.00
—— (New Madrid mounds). **3 : 3** "
Richardson (Skull and pottery from St. Louis mound). **3 : 2** "
Sawyer, A. (Indian mound relics). **3 : 4** "
—— Amos (Ethnographic life lines left by a prehistoric race). **11 : 11** .25
Shumard, B. F. (Ancient stone wall in Pulaski County, Mo.). **1 : 2***
—— (Human skull from an ancient Indian mound near Little Rock, Ark.). **2 : 3** 2.00
—— (Skull from Arkansas mound). **1 : 1***
Sidney-Hamilton, F. W. (Southeastern Africa). **3 : 4** "
Smith, S. (Height of the Big mound of St. Louis). **3 : 1** "
Swallow, G. C. (Indian mounds in New Madrid county). **1 : 1***
Todd A. (Skull and ornaments from the Big mound). **3 : 2** "
Wislizenus, A. Indian stone graves in Illinois. **1 : 1***
—— Was man contemporaneous with the Mastodon? **1 : 2***

Astronomy.

Brennan, M. S. (The Nebular Hypothesis). **14 : 8** .50
Pritchett, H. S. (Barnard and Fabry comets). **5 : 1–2** 4.00
—— Ephemeris of the satellites of Mars for the opposition of 1881. **4 : 2** 2.00
—— (History of sun-spots, magnetic storms, and aurorae, of February, 1891). **6 : 18** .50
—— Observations on the transit of Mercury, May 9, 1891. **5 : 3–4** 4.00
—— (Periodic doubling of stars). **6 : 18** .50
—— (Physical observation of Mars during the opposition of 1892). **6 : 18** "
—— Results of double star observations made with the equatorial of of the Morrison Observatory. **7 : 13** .25
—— (Rotation period of Jupiter). **5 : 3–4** 4.00
—— (Satellite system of Saturn). **7 : 20** .50
See, T. J. J. On the temperature of the sun and on the relative ages of the stars and nebulae. **10 : 1** .40
Seyffarth, G. An astronomical inscription concerning the year 1722 B. C. **1 : 3** 2.00
—— Corrections of the present theory of the moon's motions, according to the classic eclipses. **3 : 4.** "
—— (Lunar tables). **4 : 1.** "
—— The original Egyptian names of the planets, according to a Turin papyrus, and some new planetary configurations. **4 : 3** "
—— Planetary configurations on Cyprian antiquities (with a folding plate). **4 : 3** "
Updegraff, M. Determinations of the latitude, longitude and height above sea level of the Laws observatory of the University of the State of Missouri, containing a description of the building and principal instruments (with plate). **6 : 15** .50
—— Flexure of telescopes. **7 : 11** "

* Exhausted.

Biographic notices.

Agassiz, L. **3**:2 $2.00
Baumgarten, F. E. **3**:1 "
Breckinridge, S. M. **5**:3–4 4.00
Chouteau, Charles P. **11**:11 .25
Curtman, C. O. **7**:20 .50
Eads, J. B. **5**:1–2 4.00
Eliot, W. G. **5**:1–2 "
Engelmann, G. **4**:3 2.00
—— Memorial volume, by Enno Sander. **4** Supplement, pp. 18, with portrait. **4**:4 "
Evans, J. **2**:1 "
Gray, A. **5**:1–2 4.00
Gray, M. L. **8**:12 .25
Henry, J. **4**:1 2.00
Hilgard, T. C. **3**:3 "
Holmes, Nathaniel. **11**:11 $0.25
Leete, J. M. **7**:20 .50
Litton, A. **12**:10 .25
Lucas, J. H. **3**:2 2.00
Pallen, M. M. **3**:4 "
Prout, H. A. **2**:1 "
Riley, C. V. **7**:20 .50
Sander, E. **7**:20 "
Shaw, H. **5**:3–4 4.00
Shumard, B. F. **3**:1 2.00
Silliman, B. Jr. **4**:4 "
Smith, C. S. **5**:1–2 4.00
Smith, S. **3**:1 2.00
Todd, A. **4**:4 "
Whittlesey, C. C. **3**:3 "
Wislizenus, A. **5**:3–4 4.00

Biology.

Engelmann, G. (Migration of insects and weeds). **3**:4 2.00
Greely, A. W. (Experiments on the nature of the contraction of muscle). **13**:9 .25
—— (Recent experiments of the effects on protoplasm of variations in temperature and in the water content of the cells). **13**:9 "
Hilgard, T. C. Phyllotaxis — its numeric and divergential law explicable under a simple organological idea. **1**:1*
Kodis, T. (A new method of staining brain tissue). **11**:11 "
—— (Overcooling of vegetable and animal tissues). **8**:12 "
Riley, C. V. (Geographic range of species). **3**:4 2.00
—— (Introduced weeds and insects). **3**:1 "

Botany.

Baker, C. F. A revision of the *Elephantopeae*. I. Pl. IX. **12**:5 .35
Ball, C. R. Notes on some western willows. **9**:5 .50
Bay, J. C. Material for a monograph on inuline. **6**:6 .25
Bernays, A. C. (Karyokinesis in *Fritillaria*). **7**:20 .50
Bolton, B. M., and J. A. Harris. (The use of agar-agar for imbedding purposes). **13**:9 .25
Bush, B. F. The genus *Othake* Raf. **14**:6 "
—— A new genus of grasses. Pls. VII–VIII. **13**:7. "
—— The North American species of *Chaerophyllum*. Pl. X. **12**:6 .50
—— The North American species of *Triodia*. Pl. XI. **12**:6 "
—— The Texas Tradescantias. **14**:7 .25
—— See K. K. Mackenzie.
Combs, R. Plants collected in the District of Cienfuegos, Province of Santa Clara, Cuba, in 1895–1896. Pls. XXX–XXXIX. (with map). **7**:17 .75

* Exhausted.

Botany — *Continued.*

Curtman, C. O. (Fungus on apple-rind). **4 : 4** $2.00

Eickenberry, W. L. (Principles of ecology and development of plant societies). **14 : 8** .50

Eliot, W. G., Jr. Measurement of the trimorphic flowers of *Oxalis Suksdorfii*. **5 : 1–2** 4.00

Engelmann, G. About the oaks of the United States. **3 : 3–4** "

—— The acorns and their germination. **4 : 1** 2.00

—— Additions to the cactus-flora of the territory of the United States. **2 : 1.** "

—— (Age and diameters of trees). **4 : 2** "

—— (Age of Sequoias). **3 : 2** "

—— The American junipers of the section Sabina. **3 : 4** "

—— (*Arceuthobium minutum*). **3 : 1** "

—— (Bernhardi herbarium). **1 : 3** "

—— (*Catalpa speciosa*). **4 : 2** "

—— (Cinchona cultivation). **4 : 2** "

—— Dimorphism of *Draba brachycarpa*). **2 : 1** "

—— The flowering of *Agave Shawii*. Pl. IV. **3 : 4** "

—— (Fruit and seed of *Viburnum*). **2 : 2** "

—— Fungi and fermentation). **3 : 1** "

—— The genus *Isoëtes* in North America. **4 : 2** "

—— (Geographical distribution of North America flora). **3 : 4** "

—— (Grape rot). **4 : 1** "

—— (Hybrids of *Verbena*). **1 : 4** "

—— Mildew and black-rot of grapes). **2 : 1** "

—— (*Nelumbium luteum*). **2 : 1** "

—— New specimens of *Gentiana* from the alpine regions of the Rocky mountains. Pls. VII–XI. **2 : 1** "

—— Notes on *Agave*. **3 : 3** "

—— Addition to the article on *Agave*. Pls. II–III. **3 : 3** "

—— Notes on the genus *Yucca*. **3 : 1** "

—— Notes on the genus *Yucca*. No. 2. **3 : 2**

—— Addition to the article on *Yucca*. **3 : 3** "

—— (Notes on the grape-vines of Missouri). **1 : 4** "

—— (Oak and grape fungi). **3 : 4** "

—— The oaks of the United States. **3 : 4** "

—— On *Pinus aristata*, a new species of pine, discovered by Dr. C. C. Parry in the alpine regions of Colorado Territory, and on some other pines of the Rocky mountains. Pls. V–VI. **2 : 1** "

—— (*Oxytropis Lamberti*). **3 : 3** "

—— (Phenological notes). **3 : 1** "

—— (Phenological notes). **3 : 4** "

—— (Phenological notes). **4 : 1** "

—— (Phenological notes). **4 : 2** "

—— (Physiological and anotomical characters of the Gymnosperms). **3 : 4** "

—— (Pollen showers). **3 : 1** "

—— *Polypodium incanum*). **3 : 1** "

Botany — *Continued.*

Engelmann, G. (Pulp of cactus fruit.) 2 : 1	$2.00
—— (Pulp of *Cereus* for calking). 4 : 2	"
—— Revision of the genus *Pinus*, and description of *Pinus Elliottii*. 4 : 1. Pls. I–III.	"
—— A revision of the North American species of the genus *Juncus*, with a description of new or imperfectly known species. 2 : 2	"
—— Further additions to the revision of the genus *Juncus*. 2 : 3	"
—— (*Selaginella lepidophylla*). 1 : 4	"
—— (Sequoias). 3 : 1	"
—— (Structure of the fruit and seed of *Ribes*). 2 : 1	"
—— A synopsis of the American firs (*Abies* Link). 3 : 4	"
—— Systematic arrangement of the species of the genus *Cuscuta*, with critical remarks on old species and description of new ones. 1 : 3	"
—— Two new dioecious grasses of the United States. Pls. XII-XIV. 1 : 3	"
—— (*Ulmus Americana*). 1 : 3	"
—— (Vegetation along the lakes). 4 : 1	"
—— (Vernation of American oaks). 3 : 3	"
—— (*Vitis*). 3 : 3.	"
—— (Wild grapes) 4 : 1	"
—— (Xenia phenomena in corn). 3 : 1	"
Espenschied, C. (Sisal and palm fiber). 7 : 20	.50
Glasgow, W. Jr. (*Ulva thermarum* from Hot Springs, Ark.). 1 : 3	2.00
Glatfelter, N. M. Relations of *Salix Missouriensis*, Bebb, to *S. cordata*, Muhl. 7 : 5. Pls. I–III.	.50
—— A study of the relations of *Salix nigra* and *Salix amygdaloides*, together with the hybrids arising from them as these species exhibit themselves in the vicinity of St. Louis. Pl. I. 6 : 13	"
Hager (Green-stained oak wood). 3 : 1	2.00
Hambach, G. (Fruiting *Cycas revoluta*). 5 : 1-2	4.00
—— (Petrified seed of *Celtis*). 5 : 3–4	"
Harris, J. Arthur. Normal and teratological thorns of *Gleditschia triacanthos*, L. Pl. XXI. 11 : 10	2
—— Polygamy and certain floral abnormalities in *Solanum*. 13 : 8	"
—— The germination of *Pachira*, with a note on the names of two species. Pls. IX–XI. 13 : 8	"
—— See Bolton.	
Hilgard, T. C. (Exposition of a natural series of immediate catholic affinities in the vegetable kingdom). Pls. VI–VII. 1 : 2*	
—— (Variability of foliage of a single tree). 1 : 3	2.00
Hitchcock, A. S. A catalogue of the Anthophyta and Pteridophyta of Ames, Iowa. 5 : 3–4	4.00
—— Ecological plant geography of Kansas. 8 : 4	.25

* Exhausted.

Botany — *Continued.*

Hitchcock, A. S., The opening of the buds of some woody plants (with 4 plates). **6:5**	$0.50
—— Studies of subterranean organs. I. Compositae of the vicinity of Manhattan, Kansas. Pl. I. **9:1.**	.25
—— Studies of subterranean organs. II. Some dicotyledonous herbaceous plants of Manhattan, Kansas. **10:4**	"
Letterman, G. W. (Loco weed). **4:4**	2.00
—— (*Planera* and *Gleditschia*). **4:3**	"
—— (Woods from Arkansas). **4:3**	"
Mackenzie, K. K. and B. F. Bush. The *Lespedezas* of Missouri. Pls. I–IV. **12:2**	.50
—— New plants from Missouri. Pls. XII–XVII. **12:7**	"
Mallinckrodt (Green-stained oak wood). **3:1**	2.00
Norton, J. B. S. (Effects on trees of tornado of May, 1896) **7:20**	.50
—— (Flora of Southwestern United States). **10:11**	"
—— Notes on some plants of the Southwestern United States. Pls. V–VIII. **12:4**	"
—— *Sclerotinia fructigena*. Pls. XVIII–XXI. **12:8**	.45
—— A study of the Kansas Ustilagineae, especially with regard to their germination. Pls. XXV–XXIX. **7:10**	.50
—— (Supposed *Crataegus* hybrids). **9:9**	.25
Pammel, L. H. Anatomical characters of the seeds of Leguminosae, chiefly genera of Gray's Manual. Pls. VII–XXXV. **9:6**	1.25
—— (Ecological notes on Colorado plants). **7:20**	.50
—— The histology of the caryposis and endosperm of some grasses. Pls. XVII–XIX. **8:11**	"
—— On the pollination of *Phlomis tuberosa*, L., and the perforation of flowers. Pls. VI–VII. **5:1–2**	4.00
—— On the seed-coats of the genus *Euphorbia*. Pls. XII–XIV. **5:3–4**	"
—— *Sclerotinia Libertiana*, Fuckel, with a bibliography of fungus root diseases. Pls. I–II. **6:9**	.75
Pope, C. A. (Aecidium deformation of the elder). **1:4**	2.00
Riley, C. V. New use for the American *Agave*). **3:2**	"
—— (*Peronospora viticola*). **3:4**	"
—— (*Physianthus* an inseect trap). **3:2**	"
—— (*Vilfa* following locust devastation). **3:3**	"
Roberts, H. F. (Structure and physiology of plant cell). **10:11**	.50
Robertson, C. Flowers and insects. Contributions to an account of the ecological relations of the entomophilous flora and the anthomophilous insect fauna of the neighborhood of Carlinville, Illinois. **7:6**	.25
—— Flowers and insects. — Asclepiadaceae to Scrophulariaceae. **5:3–4**	4.00
—— Flowers and insects. — Labiatae. **6:4**	.50
—— Flowers and insects. — Rosaceae and Compositae. **6:14**	"
—— Flowers and insects. — Umbilliferae. **5:3–4**	4.00

Botany — *Continued.*

Rolfs, P. H. Florida lichens. **11 : 2**	$0.15
Rush, W. H. (Intramolecular respiration of plants). **7 : 20**	.50
von Schrenk, H. (*Arceuthobium pusillum*). **9 : 9**	.25
—— (Burl caused by *Peridermium*). **10 : 11**	.50
—— (Burls on white spruce). **10 : 11**	"
—— On the mode of dissemination of *Usnea barbata*. Pl. XVI. **8 : 10**	.25
—— (Notes on the bitter-rot disease of apples). **13 : 9**	"
—— (Parasitism of lichens). **7 : 20**	.50
—— (Propagation of fruit trees). **10 : 11**	"
—— (Root-oedema of *Salix nigra*). **7 : 20**	"
—— (Sclerotium disease of beach roots). **9 : 9**	.25
—— A severe sleet-storm Pls. X–XI. **10 : 5**	"
—— The trees of St. Louis as influenced by the tornado of 1896. Pls. III–IX. **8 : 2**	.50
Smith, E. (*Dionaea muscipula*). **5 : 1–2**	4.00
Spiegelhalter, J. (Loco weed). **4 : 4**	2.00
Swallow. G. C. Grape culture in Missouri. **1 : 2***	
Thom, C. The process of fertilization in *Aspidium* and *Adiantum*. Pls. XXXVI–XXXVIII. **9 : 8**	.50
Thompson, C. H. (Endogenous flowers). **9 : 9**	.25
Trelease, W. (Cactus monstrosities). **9 : 9**	"
—— *Catasetum Gnomus*). **7 : 20**	.50
—— Description of *Lycoperdon Missouriense*. **5 : 1–2** Pl. VIII.	4.00
—— (*Dionaea muscipula*). **5 : 1–2**	"
—— (Fruit of *Salisburia*). **4 : 4**	2.00
—— (Fruiting *Cycas revoluta*). **5 : 1-2**	4.00
—— North American Rhamnaceae. **5 : 3–4**	"
—— Observations suggested by the preceding paper (Eliot on *Oxalis*). **5 : 1–2**	"
—— The progress made in botany during the nineteenth century. **11 : 7**	.25
—— Revision of North American Ilicineae and Celastraceae. **5 : 3–4**	4.00
—— A Revision of North American Linaceae. Pls. III–IV. **5 : 1–2**	"
—— (Synthesis of starch). **5 : 1–2**	"
—— (*Trapa* and *Nephelium* fruits and "Cinnamon beans"). **4 : 4**	2.00
—— An unusual phyto-bezoar. Pl. XL. **7 : 18**	.25
—— (Wood of *Leitneria*). **6 : 18**	.50
Wébber, H. J. Appendix to the catalogue of the flora of Nebraska. **6 : 1**	.25
Whittlesey, C. C. (Pollen showers). **3 : 1**	2.00
Wislizenus, A. (Fasciation in corn-cob). **3 : 1**	"
Wittmack, L. (Our knowledge of prehistoric seeds). **14 : 8**	.50

Zoology.

Baird, S. F. (Snake imbedded in sandstone). **1 : 4**	2.00

* Exhausted.

Zoology —*Continued.*

Baker, C. F. (American Isopods and Amphipods). **10:11**	$0.50
—— (The development of the chick during the first forty-eight hours of segmentation). **11:11**	.25
Baker, F. C. Critical notes on the Muricidae. **7:16**	"
—— The molluscan fauna of the Dells of Wisconsin. **14:2**	"
—— The molluscan fauna of Western New York. Pl. 10. **8:5**	"
—— Notes on *Planorbis truncatus* Miles. **14:3**	"
—— Some interesting molluscan Monstrosities. Pl. XI. **11:8**	"
—— A revision of the Limnaeas of Northern Illinois. Pl. I. **11:1**	.45
Briggs, C. C. (Prairie dog). **3:2**	2.00
Call, R. E. A study of the Unionidae of Arkansas, with incidental references to their distribution in the Mississippi valley. Pls. I–XXI. **7:1**	1.00
Casey, Thos. L. Notes on the Pleurotomidae with descriptions of some new genera and species. **14:5**	.75
Engelmann, G. (Black fox squirrel). **1:3**	2.00
—— (*Menobranchus*). **3:1**	"
—— (*Taenia*). **1:3**	"
Hambach, G. (Rattles of snake). **5:1–2**	4.00
Holmes, N. The geological and geographical distribution of the human race. **4:1**	2.00
Hurter, J. Catalogue of reptiles and batrachians found in the vicinity of St. Louis, Mo. **6:11**	.25
—— A contribution to the herpetology of Missouri. **7:19**	"
—— Second contribution to the herpetology of Missouri. **13:3**	"
Lefevre, George. The advance of zoology in the nineteenth century. **11:5**	"
Lugger, O. (Storing of acorns and cutting of pine cones by squirrels). **3:3**	2.00
McLellan, G. B. (Squirrels in winter). **3:2**	"
Nipher, F. E. (The curve of speed of the trotting horse). **13:9**	.25
—— (Discontinuities in the evolution of the trotting horse). **14:8**	.50
—— The evolution of the American trotting horse. **4:3**	2.00
—— On the predetermination of the speed of the trotting horse. **13:2**	.25
Pope, C. A. (Tarantula from Missouri). **2:1**	2.00
Riley, C. V. (Crustacea from Dallas, Tex.). **3:3**	"
—— Descriptions of two new subterranean mites. **3:2**	"
—— (*Heterodon platyrhinos*). **3:2**	"
—— (*Menobranchus lateralis*). **3:2**	"
—— (Mite transformations). **3:4**	"
—— (*Mygale Hertzii*). **3:4**	"
—— (*Nephila plumipes*). **3:2**	"
—— (The rattlesnake). **3:1**	"
—— (*Scenopinus* in human lung). **3:1**	"
—— (Toad fish). **3:3**	"

Zoology — *Continued.*

Sawyer, A. (The method adopted by squirrels for securing their winter's food). **3**: 2

Shimer, H. (An *Icterus* related to *I. spurius*.) **2**: 2 $2.00

Entomology.

Brendel, E. Synopsis of the family of Pselaphidae. **5**: 1–2 4.00

Broadhead, G. C. The Rocky mountain locust and the season of 1875. **3**: 3 2.00

Duffey, J. C. Transformations of a Carabid (*Plochionus timidus*), and observations on a Coccinellid enemy of the red spider. Pls. X–XI. **5**: 3–4 4.00

Engelmann, G. (Jumping seeds). **4**: 3 2.00

Grant, R. D. (Ravages of *Termes*). **3**: 4 "

Murtfeldt, M. E. (Immigration of insects, especially the European cabbage-worm). **4**: 2 "

—— (Seed-feeding insects). **7**: 20 .50

Pauls, G. (*Euphydryas phaeton*). **10**: 11 "

Riley, C. V. (Centennial insects). **3**: 4 2.00

—— (Colorado potato beetle). **3**: 3 "

—— Descriptions and natural history of two insects which brave the dangers of *Sarracenia variolaris*. **3**: 3 "

—— Descriptions of some new Tortricidae (leaf-rollers). **4**: 2 "

—— Descriptions of two new moths. **3**: 2 "

—— (Entomological notes). **3**: 4 "

—— Hackberry butterflies. **3**: 2 "

—— (Jumping seeds and galls). **3**: 2 "

—— (Locust experience). **3**: 4 "

—— (Locust flights east of the Mississippi). **3**: 4 "

—— (Locust plague). **3**: 3 "

—— (Locust plague). **3**: 4 "

—— (Mimicry). **3**: 1 "

—— (*Myrmecocystus*). **3**: 2 "

—— A new oak-gall on acorn cups. **3**: 4 "

—— Notes on North American Microgasters, with descriptions of new species. **4**: 2 "

—— Notes on the natural history of the grape Phylloxera (*Phylloxera vastatrix*, Planchon). **3**: 3 "

—— Notes on the Yucca borer, *Megathymus Yuccae* (Walk.). **3**: 3 "

—— Additional notes on *Megathymus Yuccae*. **3**: 4 "

—— On a new genus in the Lepidopterous family Tineidae, with remarks on the fertilization of *Yucca*. **3**: 1 "

—— On the oviposition of the *Yucca* moth. **3**: 2 "

—— Supplementary notes on *Pronuba Yuccasella*. **3**: 1 "

—— Further remarks on *Pronuba Yuccasella* and on the pollination of *Yucca*. **3**: 4 "

—— (*Yucca* and its insects). **3**: 2 "

—— On a remarkable new genus in Meloidae infesting Mason-bee cells in the United States. **3**: 4 "

Entomology — *Continued.*

Riley, C. V. (On migratory butterflies). **3 : 4** $2.00
—— On the larval characters and habits in the blister-beetles belonging to the genera *Macrobasis*, Lec. and *Epicauta* Fabr.; with remarks on other species of the family Meloidae. Pl. V. **3 : 4** "
—— On the difference between *Anisopteryx pometaria*, Harr. and *Anisopteryx aescularia*, W.-V., with remarks on the genus *Paleacrita*. **3 : 4** "

—— (Petrified wood from near Pike's Peak). **3 : 1**	"
—— (*Sigillaria* marks on Illinois coal). **3 : 2**	"
Engelmann, H. (Lower Carboniferous in Southern Illinois). **2 : 1**	"
Evans, J., and B. F. Shumard. On some new species of fossils from the Cretaceous formation of Nebraska Territory. **1 : 1***	
Hambach, G. Contribution to the anatomy of the genus *Pentremites*, with description of new species. Pls. A. B. **4 : 1**	"
—— Description of new Palaeozoic Echinodermata. Pls. C, D. **4 : 3**	"
—— Notes about the structure and classification of *Pentremites*. **4 : 3**	"
—— (*Pionocrinus* found at St. Charles, Mo.). **4 : 4**	"
—— Revision of the Blastoideae, with a proposed new classification and description of new species. Pls. I–VI. **13 : 1**	1.50
Harrison, E. Age of the Porphyry hills of South-east Missouri. **2 : 3**	2.00
Hawn, F. The Trials of Kansas. **1 : 2***	
—— See Swallow.	
Heilprin, A. (Glacial phenomena in Greeland) **7 : 20**	.50
Hermann, E. A. (Fossil bison femur). **10 : 11**	"
Holmes, N. (Loess and Drift, in connection with the Big mound at St. Louis) **2 : 3**	2.00
—— (Mastodon and man). **1 : 2***	
Keyes, C. R. Relations of the Devonian and Carboniferous in the upper Mississippi Valley. **7 : 15**	.25
Kirchner, W. C. G. Contribution to the fossil flora of Florrisant, Colorado. Pls. XI–XV. **8 : 9**	.50
Klem, Mary J. The development of *Agaricocrinus*. Pls. XVIII-XXI. **10 : 7**	"
—— A revision of the Palaeozoic Palaeëchinoidae, with a synopsis of all known species. Pls. I–VI. **14 : 1**	1.00
Koch, A. C. (Bones of mastodon). **1 : 2***	
—— (Explorations in Mississippi and Arkansas). **1 : 1***	
—— Mastodon remains, in the State of Missouri, together with evidence of the existence of man contemporaneously with the mastodon. **1 : 1***	

* Exhausted.

Geology, palaeontology — *Continued.*

Lapham, I. A. (Devonian in Wisconsin). **1 : 4** $2.00

Linton, M. L. (Impression in sandstone). **1 : 1***

Litton, A. Belcher & Brother's Artesian Well. Pl. V. **1 : 1***

Lyon, S. A. Descriptions of four new species of Blastoidea, from the Subcarboniferous rocks of Kentucky. Pl. XX. **1 : 4** "

—— Remarks on the stratigraphical arrangement of the rocks of Kentucky, from the *Catenipora escharoides* horizon of the upper Silurian period, in Jefferson County, to the base of the productive coal measures in the eastern edge of Hancock County. **1 : 4** "

Marcou, J. (Age of geological formations). **1 : 3** "

—— Notes on the geology of Kansas and Nebraska. **1 : 4** "

—— (On the Dyas in Nebraska). **2 : 3** "

—— On the *Terebratula Mormonii*. **3 : 2** "

McAdams, W. (Drift fossils at Jerseyville, Ill.). **3 : 2** "

—— (Drift fossils from Illinois). **4 : 3** "

McGee, W. J. Notes on the geology of Macon county, Missouri. Pl. IX. **5 : 1-2** 4.00

Norwood, J. G. (Rocks of Illinois). **1 : 2***

Potter, W. B. (Geological relations of the ore deposits of Missouri). **4 : 4** 2.00

Prout, H. A. Description of a new species of *Productus*, from the Carboniferous limestone of St. Louis. Pl. II. **1 : 1***

Description of a new species of Bryozoa from Texas and New Mexico, collected by Dr. George G. Shumard, geologist of the U. S. expedition for boring Artesian wells along the 32d Parallel, under the direction of Capt. John Pope, U. S. Corps Top. Eng. **1 : 2***

—— Descriptions of new species of Bryozoa. **2 : 2** "

—— First of a series of descriptions of Carboniferous Bryozoa **1 : 2***

Second series of descriptions of Bryozoa from Palaeozoic rocks of the western States and Territories. **1 : 2***

Third series of descriptions of Bryozoa from the Palaeozoic rocks of the western States and Terrltories. Pls. XV-XVIII. **1 : 3.** "

—— Fourth series of descriptions of Bryozoa from the Palaeozoic rocks of the western States and Territories. **1 : 4** "

—— (Fossil tooth from Abingdon, Va.). **1 : 4** "

—— New Bryozoa, mostly from the Falls of the Ohio). **1 : 3** "

Schmidt, A. On the form and origin of the lead and zinc deposits of Southwestern Missouri. **3 : 2** "

Shumard, B. F. (Base of Cretaceous in northern Texas). **1 : 4** "

—— A catalogue of Palaeozoic fossils of North America. **2 : 2** "

—— (Coal measures in northern Texas). **1 : 4** "

—— Cretaceous formation of Texas). **2 : 1** "

—— Description of a new fossil Crinoidea from the Palaeozoic rocks of the western and southern portions of the United States. Pl. I. **1 : 1***

---

* Exhausted.

Geology, palaeontology — *Continued.*

Shumard, B. F. Descriptions of five new species of Gasteropoda from the Coal measures, and a Brachiopod from the Potsdam sandstone of Texas. **1 : 4** $2.00

—— Descriptions of new Cretaceous fossils from Texas. **1 : 4** "

—— Descriptions of new fossils from the Tertiary formation of Oregon and Washington territories and the Cretaceous of Vancouver's Island, collected by Dr. Jno. Evans, U. S. Geologist, under instructions from the Department of the Interior. **1 : 2***

—— Descriptioms of New Palaeozoic fossils. **2 : 1** "

—— Descriptions of new species of Blastoidea from the Palaeozoic rocks of the western States, with some observations on the structure of the summit of the genus *Pentremites*. Pl. IX. **1 : 2***

—— (Discovery in Texas of dicotyledonous leaves in the Cretaceous strata, and the existence of an extensive Miocene formation). **2 : 1** "

—— (Fossils from the white limestone of the Guadalupe mountains, N. M.). **1 : 2***

—— (Geological map of Texas). **2 : 1** "

—— (Lower Silurian in Texas). **1 : 4** "

—— Notice of fossils from the Permian strata of Texas and New Mexico, obtained by the United States expedition under Capt. John Pope for boring Artesian wells along the 32d Paral., with descriptions of new species from these strata and the Coal measures of that region. Pl. XI. **1 : 3** "

—— Notice of new fossils from the Permian strata of New Mexico and Texas, collected by Dr. George G. Shumard, Geologist of the United States Government expedition for obtaining water by means of Artesian wells along the 32d Parallel, under the direction of Capt. John Pope, U. S. Corps Top. Eng. **1 : 2***

—— Notice of some new and imperfectly known fossils from the Primordial zone (Potsdam sandstone and Calciferous sand group of Wisconsin and Missouri). **2 : 1** "

—— Observations on the geology of the County of Ste. Geneviève, being an extract from a report made to the Missouri Geological Survey, in 1859. **1 : 3** "

—— Observations upon the Cretaceous strata of Texas. **1 : 4** "

—— (Tertiary in Texas). **1 : 4** "

—— (Vertical section of the Silurian strata of Cape Girardeau county, Mo.). **2 : 1** "

—— See Evans.

—— and G. C. Swallow. Descriptions of new fossils from the Coal measures of Missouri and Kansas. **1 : 2** *

Shumard, G. G. (Coal measures). **1 : 2***

—— Geological structure of the "Jornada del Muerto", New Mexico. **1 : 3** "
